

Powered by the latest Intel® Atom E680T series embedded processor, the ePAD100 is a robust IP52 ruggedized tablet PC. It is made for professionals in need of reliable windows based tablet computing.

Proven to withstand dust, heat and rain, the ePAD100 delivers unparalleled processing power to the mobile worker.

Available in either Windows 7 or Windows Embedded, the ePAD100 runs full versions of your business and desktop applications. It is as easy to integrate and support as any other device on your network.

The strong internal frame coupled with shock mounted display and the mSATA Solid State Drive protect against loss of data as a result of drops and bumps. Its side rubber bumpers enable tool-less serviceability as well as quick access to battery and side I/O ports.

Mobile users of the ePAD100 are able to access real-time data and status with ease by taking advantage of a variety of communications options.

Physical and Environmental Characteristics

Dimensions	11.2" (W) x 9.1" (L) x 1.58" (D) 285mm (W) x 231mm (L) x 40mm (D)
Display	10.1" diagonal
Weight	3.90lbs. (1.77kg)
Drop/Shock	Rugged design with side rubber bumpers to absorb shock
Serviceability	Removable and replaceable battery. Tool-less removal of the side rubber bumpers for quick access to battery and side I/O ports
Ingress Protection	IP52

Performance Characteristics

Processor	Intel® Atom Processor E680T (512k Cache, 1.60Ghz) / Optional - Intel® Atom Processor E660T (512K Cache, 1.30Ghz)
System Memory	1GB DDR2
Hard Drive	mSATA Solid State Drive, 8GB - 128GB+
OS	Windows 7, Windows Embedded
Display	1024 x 600, TFT LCD with LED backlight
System Expansion	SD card slot, Micro SD card slot, 4 x USB 2.0, RJ-45 10BaseT 10/100/1000 Ethernet, VGA display Port, Mini PCIe Slot (Internal)
Battery System	6600mAh Li-ION Battery Pack
Audio	Build-in stereo speakers and microphone, Headset out jack
Wireless (Optional)	802.11a/b/g (11/54Mbps) 2.4GHz via USB dongle, Bluetooth via USB dongle
WWAN (Optional)	EDGE/GPRS/GSM via PCIe Mini Slot
